As a parent organization, Sports Boosters believes the high school experience is important to preparing young teens for adulthood, providing life lessons in being responsible contributing members of the community, being team players, and for future success in college. Monies raised through this community event support OR Sports Program expenses such as coaching stipends, uniforms, equipment, tournament fees, officiating fees, conditioning programs, athletic trainers, camps, and more.

The Oak Ridge Sports Boosters is a 501(c)(3) non-profit corporation, chartered for fundraising to help support the student sports programs at Oak Ridge High School. Our mission is to complement the Oak Ridge academic program by supporting the pursuit of athletic excellence.
